

3rd Aquaphotomics European Conference

Rome - Casa La Salle - 02/04 September 2023

SISNIR, in collaboration with the *Aquaphotomics International Society*, organizes the 3rd Aquaphotomics European Conference, a new European chapter of the Aquaphotomics story!

The Conference will take place in **Rome at Casa La Salle, 2nd - 4th September 2023**. At Casa La Salle you can also find accommodation at affordable prices.

On the 2nd of September at 5.00 pm local time, the conference will be opened by a **lecture from Prof. Roumiana Tsenkova**, the founder of this cutting-edge discipline. The lecture will be followed by a social cocktail.

If you would like to contribute to the Conference, **please submit your contribution (oral or poster presentation) before the 9th of June 2023**. All the details are available on the Conference website at the dedicated page.

Be aware that on the 1st and 2nd of September a pre-conference training is organized. If you are interested in participating to the **Summer School on Aquaphotomics** please visit SISNIR website. Participants to Summer School have the possibility to attend the Conference with a reduced fee.
